

Forno Bravo

Authentic Italian Wood-Fired Ovens

Specification Sheet

Cucina Series

Modular Pizza Oven Stands

A fast, easy way to get a “built-in” look

The Forno Bravo Cucina Series is a family of modular pizza oven stands designed for the Giardino/Primavera Series and Casa2G/Toscana Series residential ovens. The Cucina stands offer a cost-effective and easy-to-assemble method for installing a pizza oven with a “built-in” look.

Comprised of a modular metal stand frame, exterior back board panels and a oven hearth tray, the Cucina stands are shipped knock down, for easy shipping, and can be quickly assembled with only a wrench and screw driver. The metal stand frame is assembled with nuts and bolts, and the back board panels are pre-cut and pre-drilled, and the oven hearth is pre-formed with angle iron, supports and bottom panels.

The installer simply pours a concrete hearth in the pre-formed hearth tray, and then either assembles the Giardino or Casa2G oven on the hearth by hand, or places the Primavera or Toscana oven on the hearth using a forklift, winch, crane or other mechanical method.

Compared with a traditional block stand, the Cucina modular stand can offer a lighter weight solution, that can be easier and less expensive to install.

The Cucina Series oven stands can be finished in virtually any material, including stucco, stone or brick.

Pre-cut and pre-drilled backer board panels.

Knocked down for easy shipping and assembly.

The Cucina Family

	Dimensions
Cucina60	39”w x 47”d x 39”h
Cucina70	43”w x 51”d x 39”h
Cucina80	46”w x 54”d x 39”h
Cucina90	50”w x 58”d x 39”h
Cucina100	54”w x 62”d x 39”h
Cucina110	58”w x 66”d x 39”h
