NAPOLI: TILE PATTERNS

PATTERNS ARE FLEXIBLE:

Our tiled ovens come in six standard patterns for their hand-tiled finish. Want to add or remove a line to accommodate letters or a logo, or just as a design choice? These patterns can be adapted slightly to your desired look at no charge. (For example, you can change the accent line on the Minimal Design from 1 tile-line width to two.) Excessive deviation from these tile patterns will require a custom design quote from the sales team, so that we can fully and accurately bring your vision to life. **SEE PAGE 6 FOR DESIGN INSPIRATION**

NAPOLI AND ROMA: CUSTOM QUOTED TILE UPGRADES

TILE QUOTED WITH SALES TEAM MEMBER

Our upgraded tile options include a wide variety of custom colors and finishes. While many people like the lightness and symmetry of square, glass tile, others prefer the depth of a matte finish, or the interest of a textured tile; hexagonal or round tiles allow for a “subway look,” or a retro-style vibe; stone finishes can compliment granite countertops beautifully. We can match the look you like!

As special orders, costs and lead times will vary. Custom design quotes must be approved by the customer before materials are ordered.
